PROFILE

Junior Front-End Developer building responsive, accessible web applications with React, Next.js, TypeScript, and Tailwind CSS. Experienced in converting designs into clear user interfaces, integrating REST APIs, and creating reusable components with maintainable code.

TECHNICAL SKILLS

Languages: HTML5, CSS3, JavaScript, TypeScript

Frameworks: React, Next.js, React Router, Vite

Styling & UI: Tailwind CSS, responsive design, accessible UI

Tools: Git, GitHub, Vercel, browser DevTools

Development: REST APIs, Local Storage, reusable components, Figma-to-code

SELECTED PROJECTS

Audiophile Store

React | TypeScript | Next.js | Tailwind CSS | Local Storage [Live demo](#) | [GitHub](#)

- Built a responsive e-commerce storefront from a Figma design with dynamic product routing and reusable UI components.
- Implemented persistent cart state and an accessible checkout flow across mobile and desktop layouts.
- Organized product data and page states so the storefront remains consistent, maintainable, and easy to extend.

Currency Exchange App

React | TypeScript | Next.js | Tailwind CSS | Frankfurter API [Live demo](#) | [GitHub](#)

- Created an interactive dashboard for currency conversion and multi-currency comparison using live exchange-rate data.
- Added currency search, saved pairs, conversion history, responsive states, and Local Storage persistence.
- Handled asynchronous API requests and presented loading, error, and conversion results in a clear interface.

Kanban Task Management App

React | TypeScript | Next.js | Tailwind CSS | Local Storage [Live demo](#) | [GitHub](#)

- Developed customizable boards, columns, tasks, subtasks, status updates, and light/dark themes.
- Implemented create, edit, and delete workflows with persistent local data and responsive layouts.
- Structured the interface with reusable components for boards, task dialogs, controls, and theme-aware states.

Arch Studio

React | TypeScript | Next.js | Tailwind CSS | Figma [Live demo](#) | [GitHub](#)

- Developed a responsive architecture portfolio from a Figma design with reusable components and tailored layouts for every screen size.
- Built an interactive hero carousel, image-led project gallery, and accessible navigation for a polished browsing experience.

EDUCATION & CERTIFICATIONS

Scrimba - Front-End Developer Career Path		Completed July 2026	View all certificates
Learn Next.js	Aug 2026	Learn Tailwind CSS	Aug 2026
Learn React	Jul 2026	Learn TypeScript	Jul 2026
Learn Git	Jul 2026	Intro to Vite	Jul 2026
Learn JavaScript	Jun 2026	Intro to AI Engineering	Jun 2026
freeCodeCamp - Responsive Web Design		Completed May 2026
